SAMPLE - not a real election

Rules of the election

SampleData Managing Committee Election 2026-28.

1. Notice of the election is given to every voter on the final voter list at least 14 days before the day.
2. The election begins only when the quorum is present: 33% of the members who can vote, counted by physical and online attendance.
3. If the quorum is short, the election is postponed to NaN undefined NaN.
4. Each voter shows an ID at the door. The Attendance Monitor allows a person in only after the ID has been checked. Attending does not by itself give a right to vote.
5. Only a voter whose documents were accepted can vote. A rejected voter cannot vote.
6. All voting is a secret ballot. Each voter receives one ballot on each voting point, and cannot vote twice, whatever the way of voting.
7. The way of voting: paper and online combined: the voter votes on the mobile, prints the ballot and puts it in the box.
8. A post is won by the candidate with the most votes. A tie is settled by the Returning Officer.
9. Each vote counts as one.
10. The Host opens and closes the voting of each point by hand, and every opening and closing is recorded with its time.
11. A vote, once cast, cannot be changed. A mistaken ballot is dealt with by the Presiding Officer and recorded.
12. The result of each point is declared by the Chairperson. The result sheet and the minutes are recorded when the election is closed.
